

Door Drop

DATASHEET 2024

Send DM's Door Drop service is an efficient and cost-effective method for reaching a broad audience.

Businesses can directly engage potential customers without needing personal data by distributing unaddressed leaflets, flyers and promotional materials. Ideal for promoting local offers, events, or brand awareness, door drops enable companies to target specific geographic areas with precise control over distribution.

Core Features

Broad Reach

Send DM's door drop service allows you to connect with thousands of households or businesses in your chosen area without needing personal data, offering a GDPR-compliant approach.

Quick Turnaround

Our streamlined process ensures fast distribution of your materials, allowing you to launch campaigns quickly and effectively.

Cost Efficient Distribution
